

Science Club

Course Teacher Information:

Mr. Rountree is a BMH chemistry teacher. His passion is developing new and exciting student lab projects to capture students interest in science. Other interests include comedy and music.

Through the Science Club, he hopes students can design and perform small experiments, test original ideas, draw conclusions, and organize results into poster or ppt presentations.

Basic Information Overview	
Year Group (s)	P4-P6
Teacher Source	Garrett Rountree, BMH Teacher
Days	1 per week; 17 sessions in Term 2
Language	English
Venue	Maple Science Lab, M201
Class Time	Thursday, 3:45—4:45PM

Course Overview

Enrollment Criteria

Open to top performing students in P4-P6 with a keen interest in science.

Engage and Assess

Assessment will be measured by experiment results and student poster or ppt presentations.

Explore and Develop

Explore original ideas using the scientific process.

Refine and Present

Present posters at the end of the semester.

Parent Engagement Opportunity

We would welcome parental help and involvement to assist practical work

Others

Bouncy Ball Science

Does the temperature of the ball affect its bounce?
