Course Overview

Enrollment Criteria	Glass and Wood creation crafts require students to use some machine (with protection equipment), so students should have some handicrafts experience, enjoy crafts, brave and good at making stuff.
Engage and Assess	In the first weeks of the course, students will be assessed on their ability to comprehend the theoretical explanations and understanding of artistic creations. As the course progresses, teachers will guide the exploration of various forms of artistic expression to lay a solid foundation for the student’s free and independent creation.
Explore and Develop	In the middle weeks of the course, students will explore the cultural connotations and artistic expressions of each craft, and reflect on their personal progress and refine their goals. Share Asian and Western arts, learn from arts to handicrafts, and share their learning with parents.
Refine and Present	During the course, 1. students learn Glass blowing arts’ history and simple skills. Can design and make one piece of glass art work. 2. Students will design a city model during the last 1-2 sessions and make improvement with their art work.
Parent Engagement Opportunity	Parents will be welcomed to participate in the experienced course together. Parents need to collect students from MH Maker after lesson.
