Staying Healthy

It is the time of year when the weather begins to slowly change and we need to be mindful of well-being and take care of our health.

Please ensure your child sleeps well each evening - getting an early night aids extended periods of restorative sleep. Please be sure to focus on eating a healthy diet, rich with vegetables and fruit, and thank you for remembering that we do not allow candies in school.

We may make an exception for Halloween, however!

Dates

25 October: Reports sent home
 26 October: Parent Teacher Meetings
 31 October: Halloween
 2 November: PD Day (no students)

Lesson Reviews

Senior Leaders at BMH spend time in classrooms on a regular basis, popping in to see students and teachers in action across Pre School and Prep School. In addition to informal class engagements, School Leaders carry out formal lesson reviews with teachers and are enjoying doing so at this time.

We are seeing dynamic lessons in the Pre School with excellent relationships, routines and learning environments supporting the development of our young students. In Prep School we are seeing teachers encouraging critical thinking, building independence, and enriching language skills through structured and rigorous teaching approaches. Lesson reviews are one of the many ways that we ensure the quality of education at BMH and it is our pleasure as a leadership team to spend time seeing how our students are thriving as a result of our teachers experience and dedication.

Coffee Morning

This week our K3 teachers hosted an outstanding Coffee Morning that was well attended by parents, focusing on Social Development in children of K3 age. They discussed moral and social development as well as bodily awareness and asked parents to review a range of scenarios and determine if they felt the behaviour outlined therein was normal and developmentally appropriate or if it was unusual. This sparked many interesting discussions and the workshop was a truly collaborative and engaging learning experience. Thanks to all our parents who attended.

The next Coffee Morning Information Session will be delivered by K2 teachers and will focus on learning and literacy routines in K2.

Date: Thursday 1st November

Time: 8:45-9:45am

Location: 4th floor Bamboo

Please keep an eye out for the invitations which will be sent home in advance of the event to K2 families.

Halloween Coming Soon

We trust you will all have received the letter sent in hard copy and by email this week about our Halloween plans for 31st October. We will host a parade in the morning for K2 - P5 children and welcome parents to join us after morning drop off to see the children's costumes during this parade time.

We are encouraging all students (and parents wherever possible) to make homemade costumes this year, or at least include a homemade element. We will have special Halloween awards for the children with the best homemade costumes. We hope you enjoy the creative process!
